

RAYSUN A-3

3-shot Stun Gun

According to IEC 479-1 report, DC is 2-4 times safer than AC.

Powered by N²

Feature :

- 3-shot design:** Allow to deploy 3 cartridges for multi-target defense up to 6m.
- Auto-rerload-system:** The used cartridge can be auto ejected once release trigger; meantime, the next cartridge is auto refilled shortly, better than manual-control models in the market .
- Drive-stun capability:** To stun the target by a direct contact with or without a cartridge installed.
- Two stunning modes: (1). Manual:** Press to keep stunning as long as you want; the stunning function can be locked till handcuff the target. **(2).Auto:** To give 5-second electric shocks but pause 1-sec as a cycle and allow to repeat 3 cycles.
- Unique DC technology:** To perform bigger power while much safer than traditional AC type; according to IEC479-1 report, DC is 4 times safer than AC to human body.
- Reusable training cartridges:** Designed for beginner to save your every penny.
- Integrated 1913 rails:** Permit to attach external camera and illuminator for recording/illumination.

Part name:

Specification :

Model	A-3
Battery	Rechargeable lithium battery · 7.4V, 1200mAh,DC, able to give continuous electric shock above 30 minutes.
Current	DC
Penetration	Around 2cm clothing
Peak open circuit arcing voltage	DC 30KV \pm 10
Frequency	0Hz(DC)
Output current	<0.24mA(connect 100M Ω impedance load)
Temperature	-10°C ~ 55°C
Weight	<400g(excluding cartridges)
Dimension	21.9 x 3.6 x 13.8cm
Warranty	One year

- (1). A-3 Main unit
- (2). 6m probe x 6
- (3). Charger
- (4). Holster
- (5). Stretchable roller
- (6). Belt clip
- (7). Carry bag

Options :
 (a) Training cartridge
 (b) Tactical illuminator
